### **SOFTRONICA RSM report**

We,

AIRBUS DEFENCE AND SPACE SLC

Declare under our sole responsibility that the three products:

Trade mark: SOFTRONICA

Product identifier: 010.0271.0

Serial Numbers: *no serial number on the 3 product tested*

Week of manufacturing: 38/16

have been tested with TPH900 for EMC (black channels) compatibility with TPH900.

Test were performed with frequency bands from 380MHz to 430MHz and channel step 10 kHz.

Test demonstrated that the RSM caused no disturbance in receive mode.

AIRBUS DS SLC excluded any functional test and shall not be deemed responsible of any malfunction experienced by the users.
